Subject: ATMOS SCHEME ON NEIGHBOURHOOD PLAN PLEASE

Hello whoever is reading this,

I would like to express my 100 per cent support for the Atmos Scheme and request that it put into the neighbourhood plan. I know I speak for large numbers of others who don't know that it is possible to voice their support in this way. I came upon the information by coincidence this morning.

I trust you will make sure my support is registered.

Thanking you,

Carmella B'Hahn
