Subject: response to consultation on neighbourhood plan / C12 Former Dairy Crest Site

Dear Town Council members

I'm responding to the consultation on the inclusion of the proposed plans for the former Dairy Crest site in the Totnes Neighbourhood Plan.

I am firmly in favour of inclusion of the stated plans for this site because of the affordable, community owned housing and other amenities that these plans offer, plans that take into necessary consideration (a) the need to not overload the existing through-route with traffic, (b) the need to be low-carbon, (c) the need to take flood risk mitigation into account, and (d) the need to take into account wildlife along the route of the Dart.

Yours faithfully

Anthea Lawson  
Priory Orchard, Priory Avenue, Totnes
