Subject: Atmos and the Totnes Neighbourhood plan

I'm hoping that the ATMOS concepts and plans are adopted by the local authority. This could be a jewel in Totnes' crown, the first thing people see when they arrive by train. So much community effort and heart has gone into the ATMOS project, and, if adopted, could herald a new era of community involvement in development – a welcome step forward.

Thanks in anticipation. Ben Brangwyn, TQ9 5UW
