Subject: Amendment C12 - Former Dairy Crest Site

Re. Amendment C12 - Former Dairy Crest Site

As a resident of Totnes, I would like to add my support for the above amendment to the Neighbourhood plan. A great deal of effort was put into establishing a consensus on the defining principles of the proposed development on the Dairy Crest site, and the result was ratified by a public vote by the people of Totnes in 2017. Any future development on the site should be firmly based on those principles.

Regards
