

Dear Mr Smith

During the course of my examination it has become apparent that the SEA report (prepared by AECOM )supporting the Marlborough NDP is insufficiently robust in terms of assessing the impact of policies within the plan upon the AONB and Heritage Assets.

I am therefore suspending my examination to allow the Qualifying Body to look again at this document and address any issues arising.

I suggest that the initially the suspension should be for a period of 1 month from the date of this email.

Following the suspension period, I aim to be in a position to make the necessary modifications to the plan and recommend it proceeds to a referendum. However, there can be no guarantee and accordingly, the suspension mechanism is an exceptional procedure.

Please make this information available on your website.

kind regards  
Deborah McCann
