Subject: C 12 amendment to the neighbourhood plan

Dear administrator.

I am writing to support the C 12 amendment to the neighbourhood plan.
I am delighted that this amendment will help ensure that any development of the old Dairy Crest site will match the proposals that received overwhelming support in the town referendum and that were subsequently given planning permission.

As we all know, the town desperately needs housing for local people, more facilities and employment opportunities for young people and development that minimises the use of energy and cars.

Thank you for the work you do.

Yours sincerely
John Paige.
