Subject: Atmos Project

To whom it may concern

I'm writing to express my support for the Atmos Project to be included in the neighbourhood plan.

As someone professionally involved in place making, this project strikes me as a considerable asset to the development of Totnes and of great value to the community. I'm new to this region, and in considering somewhere to settle, it is innovative, community focussed projects such as these that have been one of the greatest attractions to this locality.

I hope it will be sincerely considered for its merits and its capacity to support Toness thrive as a community focussed place of strong ethical values.

Faithfully

Angharad Wynne
