Subject: FW: Atmos Totnes

Hello

I would like to confirm my support to the inclusion within the neighbourhood plan of the proposed policy C12 Totnes Dairy Crest site.

The proposals put forwards by Atmos Totnes were ground breaking and the policy reflects the aspirations of the community of Totnes for the development of this site. The inclusion of this policy within the Neighbourhood Plan would safeguard the site in terms of planning for a forward thinking, future proof development that is wholly for the community, rather than based on profit alone.
