To: Totnes Town Clerk
Subject: Former Dairy Crest site

Dear Sir

I write in full support of the draft policy document known as C12 and I urge the town council to implement it in full.

Totnes has more than its fair share of property developers operating for profit only and we need a project that will supply the town with much-needed venues such as arts centres, and housing which is available for reasonable rent to local inhabitants.

The rather dubious way Atmos was prevented from acquiring the site at the last minute also points to a need to rectify the situation for the benefit of the town and its people as opposed to outside interests simply looking to make profit.

Yours faithfully

Alan Godwin
