Subject: FW: Totnes Neighbourhood Plan - Consultation on a New Policy: C12 - Former Dairy Crest Site

Good morning

Re: Totnes Neighbourhood Plan - Consultation on a New Policy: C12 - Former Dairy Crest Site

Thank you for requesting consultation on the above. I would like to advise that the police fully support new policy C12 and the redevelopment of the site as detailed in the attached Development Brief.

The role of the Police Designing out Crime Officer (DOCO) for Totnes is to review the design and layout proposals for new development and provide advice and recommendations on designing out opportunity for crime, fear of crime and antisocial behaviour (ASB). The review would also take into account the Governments new strategy in tackling Violence Against Women and Girls (VAWG), as well as other demographics in our communities, and how we can collectively create appropriately observed, safe and secure footpaths, cycle routes, streets and public open places. Existing pedestrian and cycle routes and links and public accessible space relevant to the site, must be carefully considered in the overall design and layout for new development, to ensure that they have a purpose and take into account the safety and security risks for legitimate users. Such places should be designed so they are observed, where possible, and look and feel safe, as this is likely to reduce the fear of crime and encourage legitimate use and deter unwanted activities and behaviour.

I hope the above is useful at this stage but please do not hesitate to contact me if I can assist further

Kind regards

Sarah-Jane
