Regarding the latest development of the Atmos project. I'm writing to those involved because I passionately care about the Atmos project and want to say that I support the new amendment, C12, on the former Dairy Crest site, being included in the Neighbourhood plan. Atmos is such an inspired and futuristic project that has found creative and innovative solutions to complex issues, plus it supports and protects our town for the future. It would be total sacrilege if it gets handed over to a private developer!

Sincerely Mara Green
