Subject: Atmos to be included in the Totnes Neighbourhood Plan

Hi Totnes Town Council,

I am writing as the District Cllr for the Ambrook Ward in Teignbridge to lend my support to the concept of including the Atmos project in the next revision of the Totnes Neighbourhood Plan. Firstly, Atmos is an example of best practice in terms of future developments that represent the best interests of the residents. Secondly, neighbourhood plans appear to be likely to gain more prominence in any future planning reforms. It would therefore seem essential to include Atmos in its entirety in any future planning strategy documents for town, District and region.

Although I represent a ward in a neighbouring district, what happens in Totnes has an impact on the residents of Ambrook. Equally, developments in adjoining districts have an 'in combination' effect that impacts on the whole region. Thus I felt compelled to voice my opinion and support for Atmos.

If you require any further support on this matter please do not hesitate to contact me.

Best regards,

Richard Daws  
Cllr, Ambrook Ward, Teignbridge District Council
