Subject: Totnes Neighbourhood Plan Policy C12

On behalf of the Trustees of Totnes and Rural Community Transport (Bob the Bus) I write to express our support for the aims of the policy in the creation of a sustainable transport hub at the ATMOS (ex Dairy Crest) site in Totnes. As a local community organisation and Charity and as the leading public transport provider within Totnes Town we agree with the objectives of Plan Policy which are backed by the Joint Local Plan policy DEV29 and the E7 policy for transport.
