Subject: Atmos

Dear TTC

The Atmos project has always been a source of hope for Totnesians with the possibility of an estate based on the needs of Totnes people. The main advantage is affordable housing but there are so many other advantages, not least that this derelict site will be in use rather than being left to rot or being used for industrial purposes. Atmos gave Totnes hope and I sincerely hope there is a way for the scheme to continue.

It means so much to our town

Dr S Mills, Fern Cottage 3a South Street Totnes TQ9 5DZ
