Subject: Dairy Crest /Atmos site

Dear Clerk,

I should like to support the inclusion of the policy C12 into the Totnes Neighbourhood Plan. It embodies so many of the clearly mandated wishes and aspirations for the site, as shown in the wide public consultation held for Atmos.

We should not lose this opportunity to include a site which has the potential to deliver multiple benefits for the town and which has such widespread support.

The site and policy was discussed at Dartington Parish Council's November meeting and i believe had support. I understand however that Dartington PC's Clerk will be writing to you re this.

With kind regards,
Trudy Turrell.
