The applicant, Shaugh Prior Parish Council, is a Relevant (Qualifying) Body for the purposes of producing a neighbourhood plan. A working group has been set up by the Parish Council to develop the proposed Neighbourhood Plan. The working group have discussed the best approach to the determination of a designation area. They have considered the current village boundaries, the catchment area for local services, the physical appearances and characteristics of the area and the natural setting and features in the area. Consultations suggest that the purposes of a plan are best served by using the existing Parish boundaries.
