Subject: C12 - Former Dairy Crest Site

Hello

Yes please to affordable housing and other developments on the former Dairy Crest site...

I just wanted to write to say how much I support the idea that the Totnes Neighbourhood plan should feature support for affordable housing on the former Dairy Crest site – along with restoration of this site for use by the South Hams community and also improving Totnes flood defences on this site and making this site work better in preventing any potential flooding in this area.

Yours sincerely

Roy Wilkinson
