

Dear Sue,

Further to your email dated 7th October. I agree your interpretation of the Statutory processes that enable a minor error in a Neighbourhood Plan to be corrected. I have also checked the provenance of the error and agree with the explanation that you have included in your note.

Please pass me a copy of the modified version of the Thurlestone Plan. I will ensure this version of the plan along with the exchange in correspondence between us is placed on the Council's website.

Regards
Duncan

Dear Tom

I trust you are well.

I am writing to you now because I have noticed a mistake in one of the local economy policies in our neighbourhood plan.

As you will know, a LPA can modify a neighbourhood plan they have made for the purpose of correcting an error at any time. Consultation, examination and referendum are not required.

Once agreed, I can provide you with an updated version of the Plan to upload on the SHDC website.

I look forward to hearing from you and trust this can be dealt with quite quickly.

Kind regards

Sue
