Subject: In support of the ATMOS project

Dear Council members,

As a long-standing member of our Totnes community, I fully and whole-heartedly support the ATMOS project. It is an incredible opportunity for our town to do something bold, courageous and constructive. The whole world will see what can be done with community endeavour. This is our chance to be a flagship; a beacon for a bright future. To do anything less is to frustrate the future of our children and grandchildren. Now is the time to lead boldly and wisely.

With high hopes,

Harriet
