To: Totnes Town Clerk
Subject: former Dairy Crest site

Dear Sirs,

I write to support the Totnes Town Council's proposed amendment to the Neighbourhood Plan regarding the development of the old Dairy Crest site.

I consider the requirements listed in the C12 policy document to be just what the town needs. To require any developer to restore lost employment and provide new workspaces, youth space, affordable housing and a renewable energy centre, while honouring the heritage aspects of the site, is what the town asked for in the full consultation. We must insist that what is what we get.

Yours sincerely,

Susan Hannis (Mrs)
