Subject: Atmos Totnes included in the Neighbourhood Plan

Atmos Totnes must be included in the Totnes neighbourhood plan,

C12 Proposal

Armos Totnes' proposals for the Dairy Crest Site will benefit the community, employment in our area, the environment and local wildlife, the local economy, the creative/cultural landscape and feels like a project that should definitely not be overlooked by the council. It will be exponentially beneficial to totnes and the wider community.

Thanks

Lucy and Matt Board
