Subject: Totnes Neighbourhood Plan

Dear Sirs

I write in support of the proposed Atmos Totnes (TCDS) redevelopment of the Diary Site and its inclusion in the LP as a stated objective for the site.

This should strictly follow the Policy Statement C12 and supporting Development Brief Appendix E.

Furthermore, I suggest all parties investing in the facilities and accommodation should have strong and demonstrable links to the local area, to create a truly sustainable and affordable development providing for the local population and not just another investment opportunity for wealthy outsiders.

Kind Regards

Neil Tully
