Subject: Neighbourhood plan

Dear good people of Totnes Town Council,

I understand you are consulting on what to include in the Neighbourhood Plan.  
Thank you.

It feels vital that the ATMOS project is included in the plan in a way that will enable you, the Council to support it so that the many people in Totnes who are so in need of the support services it will provide can benefit.

In these increasingly testing times it is increasingly important that incredible initiatives like these receive the policy space and support they need to thrive. From what I understand so much hard work has been done to get the project thus far and so much local support has been shown for it.

With thanks for your support and care for our town...

Claire Milne
