Subject: Consultation on a New Policy: C12 – Former Dairy Crest Site

Dear Council,

I am writing to contribute my view to the consultation on the new policy for the former Dairy Crest Site.

I am strongly in favour of the new policy, C12.

A huge amount of work and consultation has been done by the community in deciding what the community needs and would like the redevelopment to the site to provide. I can't think of a more thorough and genuine effort to meet community need.

I am therefore delighted that Totnes Town Council is consulting on this new policy aligned with the outcomes of that community effort.

Many thanks

Mark Burton
